Students, Read This. Now.

You’re about to embark on MAVEN’s Worldview Immersive Experience, where you will see how worldview affects the daily life of all people, every day, and how the Christian worldview can look across different careers.

Why would we create an experience like this?

Because your worldview defines every aspect of your whole life, whether you are aware of it or not. Because worldview is so utterly important, we believe that it is vital to understand what worldview is and to think deeply about what our worldview is and should be. So, we’re not afraid of putting our understanding of worldview to the test.

We are going to challenge you and your beliefs about worldview to see how Jesus describes what a Christian worldview should be.

Not only will The Worldview Immersive Experience challenge your current worldview... not only will you grow in your understanding of Christian worldview... you will also see how the Christian worldview looks for different people in different careers. By the time you get home, we pray that God’s Holy Spirit will give you a love for the lost and a passion to go and make disciples of Jesus.
The Before Survey

Before diving into The Worldview Immersive Experience, take a few minutes to complete this survey. Answer the questions as honestly and as thoroughly as you can.

**Short Answers...**

1. To the best of your ability, write your definition of a worldview. Be as precise and accurate as possible.

WHAT’S YOUR WORLDVIEW: ANSWERING LIFE’S BIG QUESTIONS

Preparation for this trip is absolutely vital. Section One of this guidebook is an interactive engagement tool to help you dive deep into the six-week teaching series, WHAT’S YOUR WORLDVIEW?

In this section you will find the following tools for each session:

• **Session Outlines**: During each session, track along with the teachings by filling in the blanks and taking notes.

• **Session Reviews**: After each session, take a minute to quiz yourself on what you retained by completing, from memory, each session’s review.

• **Session Discussions**: Lastly, dialogue with your team about each topic, using the discussion questions.

Don’t be a passive spectator, be an active learner. Use these tools!

How Your Worldview Affects Every Area of Your Life

“I believe in Christianity as I believe that the Sun has risen, not only because I see it, but because by it I see everything else.”
Session One Outline

__________________________ (NIV)
“My goal is that they may be encouraged in heart and united in love, so that they may have the full riches of complete understanding, in order that they may know the mystery of God, namely, Christ, in whom are hidden all the treasures of wisdom and knowledge.”

What Is A Worldview?
“A worldview is a commitment, a fundamental orientation of the heart, that can be expressed as a story or in a set of presuppositions (assumptions which may be true, partially true or entirely false) which we hold (consciously or subconsciously, consistently or inconsistently) about the basic constitution of reality, and that provides the foundations on which we live and move and have our being.”

James W. Sire / Author / The Universe Next Door

- Worldview: “Your __________ of _______________”
- Explanation: Human beings ______________ one

The Five Primary Worldview Questions…

1. Origin: Where did __________ come ___________?
2. Identity: Who ____ I?  
   What ____ I?  

3. Meaning: Why ____ ____  
   here?  

4. Morality: How ________ I  
   ______ my _______?  

5. Destiny: What __________  
   when I ________?  

Other Important Questions  
Worldviews Answer...  

Ultimate Reality: What kind of  
God, if any, actually exists?  

External Reality: Is there  
anything beyond the physical  
universe?  

Knowledge: What can be  
known and how can anyone  
know it?  

Origin: Where’d I come from?  

Identity: Who am I?  

Location: Where am I?  

Morals: How should I live?  

Values: What should I consider  
of great worth? What’s the good life?
Predicament: What is humanity’s fundamental problem?

Resolution: How can humanity’s problem be solved?

Past/Present: What is the meaning and direction of history?

Destiny: Will I survive the death of my body and, if so, in what state?

Three Major Worldviews…

1. Theism: God ___________ all

The Three Great Monotheistic Religions…

• _______________

• _______________

• _______________

2. Pantheism: God ______ all

“[Star Wars is] designed primarily to make young people think about the mystery. Not to say, ‘Here’s the answer.’ It’s to say, ‘Think about this for a second. Is there a God? What does God look like? What does God sound like? What does God feel like? How do we relate to God?’”

George Lucas / Director, Producer & Writer / Star Wars
3. Atheism: No _____________ at all

“The Cosmos is all that is, or ever was, or ever will be.”

*Carl Sagan / Author / Cosmos*

“Nature is every person, thing, and place here on Earth and out in space. Nature’s the sun, the moon, the stars. It’s faraway planets like Venus and Mars. It’s the mountains, the valleys, the shore, the sea. Nature is you! Nature is me!”

“…It’s all that IS or WAS or EVER WILL BE!”

- Ideas have ______________
- Bad ideas have __________

**Origin: Where Did We Come From?**

“…the most reasonable belief is that we came from nothing, by nothing, and for nothing.”

*Quentin Smith / Professor Emeritus of Philosophy, Western Michigan University*

“The amazing thing is that every atom in your body came from a star that exploded. And, the atoms in your left hand probably came from a different star than your right hand. It really is the most poetic thing I know about physics: You are all stardust. You couldn’t be here if stars hadn’t exploded, because the elements—the carbon, nitrogen, oxygen, iron, all
things that matter for evolution—weren’t created at the beginning of time. They were created in the nuclear furnaces of stars, and the only way they could get into your body is if those stars were kind enough to explode. So, forget Jesus. The stars died so that you could be here today.”

Lawrence Krauss / Theoretical Physicist & Professor at Arizona State University

(NIV) In the beginning God created the heavens and the earth.

(NIV) Since what may be known about God is plain to them, because God has made it plain to them. For since the creation of the world God’s invisible qualities—his eternal power and divine nature—have been clearly seen, being understood from what has been made, so that men are without excuse.

“God Exists.”

• A claim about the __________ of ___________

"God Exists" Is an Objective Claim With Powerful Evidence…

• The ________________ argument

• The ___________-_________ argument
• The _________ argument

• The ______________ argument

**Origin: Where Did We Come From?**

• Atheism: The __________ came into ______________ from no one, out of ______________, and for no ________.

• Theism: The __________ was brought into __________ by a personal, powerful __________ outside the natural realm, for a ______________.

“More consequences for life and action follow from the affirmation or denial of God than from answering any other basic question.”

* Mortimer Adler / Philosopher & Editor

• Implication: “The ______________ that can be drawn from ______________, although it is not __________ stated.”
Identity: Who Are We? What Are We?

“Man is the result of a purposeless and natural process that did not have him in mind.”

George Gaylord Simpson / Atheist / The Meaning of Evolution

“From OOZE to US”

Discover Magazine / Evolution

“I am just another speck of sand. And the earth, really in the cosmic scheme of things, is another speck. And the sun an unmarkable star – nothing special about the sun. The sun is another speck. And, the galaxy is a speck. I’m a speck, on a speck. We’re in a speck among other specks, among still other specks in the middle of specklessness. I’m nothing. I suck.”

Bill Nye / “The Science Guy”

“Animal liberationists do not separate out the human animal, so there is no rational basis for saying that a human being has special rights. A rat is a pig is a dog is a boy. They are all mammals.”

Ingrid Newkirk / Co-Founder of PETA

“Some environmental philosophers and scientists, however, contend that an individual member of an endangered species is more valuable than an individual human being. Or, as conservation biologist Reed Noss put it to me recently, the value of an individual decreases proportionately with the size of its population.”

“Our reactions to the value of humans and other animals are typically shaped by culturally deep religious roots.”

“And perhaps, this case will help those who are skeptical of the religious ideas that undergird human supremacy to leave them behind, once and for all. It may be that corresponding
conservation policies and efforts would follow if such a value transformation spreads."

“I hope that zoos will soon, and universally, be on the leading edge of this transformation, rather than reinforcing ancient and self-serving human conceits.”

Question 1: “Are you aware of the conversation going around in Washington state right now around kind of gender identity, gender express issues, and the ability to access faculties on those grounds?”
Question 2: “Is there a difference in your mind between men and women?”

Question 6: “Is there a reason to have those labels—male or female?”

“There may be nothing more self-evident in the natural universe than the fact that every animal species is divided into two halves—male and female. Yet the most intelligent of those species seems to be wrestling with whether male or female are actually real things. Have we discovered something new or have we become too clever for our own good?”

The Biblical Answer…

____________________ (NIV)
Therefore, just as sin entered the world through one man, and death through sin, and in this way, death came to all people, because all sinned…

____________________ (NIV)
For all have sinned and fall short of the glory of God.
And this is the judgement, that the light has come into the world, and men loved the darkness rather than the light, for their deeds were evil.

What Has Sin Done to the Image of God in Man?

- It does not ______________ the image.

- But it does ______________ the image.

The wrath of God is being revealed from heaven against all the godlessness and wickedness of people, who suppress the truth by their wickedness, since what may be known about God is plain to them, because God has made it plain to them. For since the creation of the world God's invisible qualities—his eternal power and divine nature—have been clearly seen, being understood from what has been made, so that people are without excuse.

For although they knew God, they neither glorified him as God nor gave thanks to him, but their thinking became futile and their foolish hearts were darkened. Although they claimed to be wise, they became fools and exchanged the glory of the immortal God for images made to look like a mortal human being and birds and animals and reptiles.

Therefore God gave them over in the sinful desires of their hearts to sexual impurity for the degrading of their bodies
with one another. 25 They exchanged the truth about God for a lie, and worshiped and served created things rather than the Creator—who is forever praised. Amen.

26 Because of this, God gave them over to shameful lusts. Even their women exchanged natural sexual relations for unnatural ones. 27 In the same way the men also abandoned natural relations with women and were inflamed with lust for one another. Men committed shameful acts with other men, and received in themselves the due penalty for their error.

28 Furthermore, just as they did not think it worthwhile to retain the knowledge of God, so God gave them over to a depraved mind, so that they do what ought not to be done. 29 They have become filled with every kind of wickedness, evil, greed and depravity. They are full of envy, murder, strife, deceit and malice. They are gossips, slanderers, God-haters, insolent, arrogant and boastful; they invent ways of doing evil; they disobey their parents; 31 they have no understanding, no fidelity, no love, no mercy. 32 Although they know God’s righteous decree that those who do such things deserve death, they not only continue to do these very things but also approve of those who practice them.

Exodus 26 | Detailed Aesthetic Design of the Tabernacle

“Make the tabernacle with ten curtains of finely twisted linen and blue, purple and scarlet yarn, with cherubim woven into them by a skilled worker. All the curtains are to be the same size—twenty-eight cubits long and four cubits wide. Join five of the curtains together and do the same with the other five. Make loops of blue material along the edge of the end curtain in one set and do the same with the end curtain in the other set. Make fifty loops on one curtain and fifty loops on the end curtain of the other set, with the loops opposite each other. Then make fifty gold clasps and use them to fasten the curtains together so that the tabernacle is a unit. Make curtains of goat hair for the tent over the tabernacle—eleven altogether. All eleven curtains are to be the same size—thirty cubits long and four cubits wide. Join five of the curtains together into one set and the other six into another set. Fold the sixth curtain double at the front of the tent. Make fifty loops along the edge of the end curtain in one set and also along the edge of the end curtain in the other set. Then make fifty bronze clasps and put them in the loops to fasten the tent together as a unit. As for the additional length of the tent...
curtains, the half curtain that is left over is to hang down at the rear of the tabernacle. The tent curtains will be a cubit longer on both sides; what is left will hang over the sides of the tabernacle so as to cover it. Make for the tent a covering of ram skins dyed red, and over that a covering of the other durable leather. "Make upright frames of acacia wood for the tabernacle. Each frame is to be ten cubits long and a cubit and a half wide, with two projections set parallel to each other. Make all the frames of the tabernacle in this way. Make twenty frames for the south side of the tabernacle and make forty silver bases to go under them—two bases for each frame, one under each projection. For the other side, the north side of the tabernacle, make twenty frames and forty silver bases—two under each frame. Make six frames for the far end, that is, the west end of the tabernacle, and make two frames for the corners at the far end. At these two corners they must be double from the bottom all the way to the top and fitted into a single ring; both shall be like that. So there will be eight frames and sixteen silver bases—two under each frame. "Also make crossbars of acacia wood: five for the frames on one side of the tabernacle, five for those on the other side, and five for the frames on the west, at the far end of the tabernacle. The center crossbar is to extend from end to end at the middle of the frames. Overlay the frames with gold and make gold rings to hold the crossbars. Also overlay the crossbars with gold. "Set up the tabernacle according to the plan shown you on the mountain. "Make a curtain of blue, purple and scarlet yarn and finely twisted linen, with cherubim woven into it by a skilled worker. Hang it with gold hooks on four posts of acacia wood overlaid with gold and standing on four silver bases. Hang the curtain from the clasps and place the ark of the covenant law behind the curtain. The curtain will separate the Holy Place from the Most Holy Place. Put the atonement cover on the ark of the covenant law in the Most Holy Place. Place the table outside the curtain on the north side of the
tabernacle and put the lampstand opposite it on the south side. “For the entrance to the tent make a curtain of blue, purple and scarlet yarn and finely twisted linen—the work of an embroiderer. Make gold hooks for this curtain and five posts of acacia wood overlaid with gold. And cast five bronze bases for them.

(NIV)

“...He overlaid the inside with pure gold. He paneled the main hall with juniper and covered it with fine gold and decorated it with palm tree and chain designs. He adorned the temple with precious stones. And the gold he used was gold of Parvaim. He overlaid the ceiling beams, doorframes, walls and doors of the temple with gold, and he carved cherubim on the walls.”

Objection: Isn’t beauty in the eye of the beholder?

Response / Argument #1...

• Clear Case Example 1: Is the Sistine Chapel by Michelangelo more beautiful than Simon Fujiwara’s “No Milk Today” painting (cow poop on canvas)?

• Clear Case Example 2: Would you say the scene of an ugly alleyway is just as beautiful as the scene of a beautiful sunset over the ocean or a beautiful mountain range?

Response / Argument #2...
If there is no objective beauty, there are no better artists? There are no masters like a Shakespeare, Handel, or Michelangelo?

- Shakespeare’s play “King Lear.” If there's no art that objectively beautiful then Shakespeare’s classic play isn't any better than a kindergarten play?

- The Messiah by Handel is a recognized beautiful piece of music. Recognized to be better than most.

- Michelangelo’s painting is recognized as some of the best art ever.

Response / Argument #3...

A Sampling of Key Scriptures Helping Us Think Carefully About Economics…

________________________ (NIV)
In the beginning God created the heavens and the earth.

- God is the __________ of all things

________________________ (NIV)
God blessed them and said to them, “Be fruitful and increase in number; fill the earth and subdue it. Rule over the fish in the sea and the birds in the sky and over every living creature that moves on the ground.”

- God ______________ to us and makes us ______________.
You shall not steal.

- God gives us ___________.

The Lord God took the man and put him in the Garden of Eden to work it and take care of it. And the Lord God commanded the man, “You are free to eat from any tree in the garden; but you must not eat from the tree of the knowledge of good and evil, for when you eat from it you will certainly die.”

- Work is a ________ thing.

To Adam he said, “Because you listened to your wife and ate fruit from the tree about which I commanded you, ‘You must not eat from it,’ “Cursed is the ground because of you; through painful toil you will eat food from it all the days of your life. It will produce thorns and thistles for you, and you will eat the plants of the field. By the sweat of your brow you will eat your food until you return to the ground, since from it you were taken; for dust you are and to dust you will return.”
Sin has major ______________ for our work and __________.

______________________________ (NIV)
But godliness with contentment is great gain. For we brought nothing into the world, and we can take nothing out of it. But if we have food and clothing, we will be content with that. Those who want to get rich fall into temptation and a trap and into many foolish and harmful desires that plunge people into ruin and destruction. For the love of money is a root of all kinds of evil. Some people, eager for money, have wandered from the faith and pierced themselves with many griefs.
In the name of the Lord Jesus Christ, we command you, brothers and sisters, to keep away from every believer who is idle and disruptive and does not live according to the teaching you received from us. For you yourselves know how you ought to follow our example. We were not idle when we were with you, nor did we eat anyone’s food without paying for it. On the contrary, we worked night and day, laboring and toiling so that we would not be a burden to any of you. We did this, not because we do not have the right to such help, but in order to offer ourselves as a model for you to imitate. For even when we were with you, we gave you this rule: "The one who is unwilling to work shall not eat." We hear that some among you are idle and disruptive. They are not busy; they are busybodies. Such people we command and urge in the Lord Jesus Christ to settle down and earn the food they eat. And as for you, brothers and sisters, never tire of doing what is good.

- **First Action:** On a scale of 1-10 each person needs to write down in their guidebook how satisfied they are with the item they have. If you are totally satisfied with your item mark a 10 and if you are extremely unsatisfied with your item you’d put down a 1.

- **Trading | Round 1:** You can trade your item with the person to your right only. You aren’t forced to trade but are limited to who you can trade with.

- **Next:** Now report your level of satisfaction with your item on a scale of 1-10.

“We the People of the United States, in Order to form a more perfect Union, establish Justice, ensure domestic Tranquility, provide for the common defense, promote the general Welfare, and secure the Blessings of Liberty to ourselves and our Posterity, do ordain and establish this Constitution for the United States of America.”

*The Preamble of the Constitution*
(NIV)
Tell us then, what is your opinion? Is it right to pay the imperial tax to Caesar or not?" But Jesus, knowing their evil intent, said, “you hypocrites, why are you trying to trap me? Show me the coin used for paying the tax." They brought him a denarius, and he asked them, “whose image is this? And whose inscription?” “Caesar’s,” they replied. Then he said to them, “so give back to Caesar what is Caesar’s, and to God what is Gods.”
Let everyone be subject to the governing authorities, for there is no authority except that which God has established. The authorities that exist have been established by God. Consequently, whoever rebels against the authority is rebelling against what God has instituted, and those who do so will bring judgment on themselves. For rulers hold no terror for those who do right, but for those who do wrong. Do you want to be free from fear of the one in authority? Then do what is right and you will be commended. For the one in authority is God’s servant for your good. But if you do wrong, be afraid, for rulers do not bear the sword for no reason. They are God’s servants, agents of wrath to bring punishment on the wrongdoer. Therefore, it is necessary to submit to the authorities, not only because of possible punishment but also as a matter of conscience. This is also why you pay taxes, for the authorities are God’s servants, who give their full time to governing. Give to everyone what you owe them: If you owe taxes, pay taxes; if
revenue, then revenue; if respect, then respect; if honor, then honor.

“It is more reasonable to believe such elemental things [like wife-beating and child abuse] to be evil than to believe any skeptical theory that tells us we cannot know or reasonably believe any of these things to be evil…I firmly believe that this is bedrock and right and that anyone who does not believe it cannot have probed deeply enough into the grounds of his moral beliefs.”

“Believing with you that religion is a matter which lies solely between man and his god, that he owes account to none other for his faith or his worship, that the legislative powers of government reach actions only, and not opinions, I contemplate with sovereign reverence that act of the whole American people which declared that their legislature would “make no law respecting an establishment of religion, or prohibiting the free exercise thereof,” thus building a wall of separation between church and state.”

*Thomas Jefferson*

“Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports. In vain would that man claim the tribute of patriotism, who should labor to subvert these great pillars of human
happiness, these firmest props of the duties of men and citizens… let it simply be asked: where is the security for property, for reputation, for life, if the sense of religious obligation desert the oaths which are the instruments of investigation in courts of justice? And let us with caution indulge the supposition that morality can be maintained without religion."

To prepare for your Immersive Experience you are required to read *The Universe Next Door* (TUND) by James W. Sire and *A Student’s Guide to Culture* by Brett Kunkle & John Stonestreet, as well as take a series of quizzes after each section of reading. As you read, write notes in the margin, and underline or highlight key points, to make it easier to study for each quiz. Don’t read just to meet the requirement but read to grow in your knowledge of God’s truth!

In Section Two you’ll find the following tools to help you:

- **Reading Plan**: Use the reading plan to help you gauge what you need to read before each quiz. Do not save reading until the last minute. Cramming won’t work!

- **Suggested Resources**: It’s important you keep learning. Consider watching and reading the other suggested materials listed in this section.

- **Reading Quizzes**: After you read the appropriate chapters, you will then take the quiz assigned to that reading plan.

Enjoy your reading. Block out time to read and make sure you’re not just reading because you were told to!

Find a comfortable position. Close your eyes and place your hands out in front of you.

First, place your palms down, which represents a posture of releasing or letting go of. With your palms facing down take a few minutes to pray through the areas of your day you need to let go of and give to God. Release any burdens, frustrations, or distractions from your day. In Matthew 11:28 Jesus encourages us to give him our burdens so we may find rest. Give him your problems from the day. Find rest in Him.

Second, flip your palms over, which represents a posture of receiving. With your palms facing up prayerfully receive from God whatever he has for you. Ask the Holy Spirit to fill you with love, joy, peace, patience, goodness, kindness, gentleness, and self-control.

As you enter into today’s evening prayer be sure to take it slow. Take deep breaths throughout this prayer. Be with God. Let go of what you need and receive what He has for you.

Journal any thoughts or prayers if needed...
Day Two
Diving In!
Morning Time with God
The Renewal of Your Mind by Luke Seidman

Scripture Reading: Romans 12:1-2

“I appeal to you therefore, brothers, by the mercies of God, to present your bodies as a living sacrifice, holy and acceptable to God, which is your spiritual worship. Do not be conformed to this world, but be transformed by the renewal of your mind, that by testing you may discern what is the will of God, what is good and acceptable and perfect.”

Our worship to God is not solely our participation in church service, how much we serve, or how beautiful our voices are in worship. In verse 2, Paul explains that what God is concerned with is our minds, and it easy to see why. Our minds are where we process thoughts, feelings, emotions, and is where we decide what our actions will be. Think about all of the influences on your mind for a moment: TV, film, music, commercials, the way your friends talk, the things they talk about. Each of these are constantly competing for our attention, for our obsession. Image, the way that we want people to see us, is forefront in our thoughts all the time. The mind has the capability to create and produce, but the things that we let influence our minds have a huge impact on what we produce and on every action we take.

True worship to the Lord starts with recognizing the things that hold the most influence over us, the things that are continually influencing us, and sacrificing them to the “will of God,” if need be. Spend a few minutes this morning analyzing your normal day to see what your greatest sources of influence are. Are you influenced by your friends at school and the things they tell you to be interested in? What about your
teammates and coaches, or even the music you listen to and the YouTube videos you watch?

In Romans 8:5-6, Paul explains that, “Those who live according to the flesh have their minds set on what the flesh desires; but those who live in accordance with the Spirit have their minds set on what the Spirit desires. The mind governed by the flesh is death, but the mind governed by the Spirit is life and peace.”

To “live in accordance with the Spirit” means the main source of influence for those claiming to live for Christ is Christ Himself. So how do we recognize the things that influence our minds in negative ways and then let Christ be our main influencer?

Proverbs 9:10 states that “The fear of the Lord is the beginning of wisdom, and knowledge of the Holy One is understanding.”

The first step toward having a renewed mind is gaining an understanding of who God is and how He calls you to live, and there is no better way to do this than through Scripture. Through studying Scripture, we can see where God wants us to grow, what influences exist in our lives, and where we need to sacrifice these to Him.

**Loving Renewal**

*Psalm 139:23-24.*

“Search me, O God, and know my heart! Try me and know my thoughts! And see if there be any grievous way in me and lead me in the way everlasting!”

In 1 Peter 1:15, Peter explains that God calls us to, “be holy in everything you do, just as God who chose you is holy.” This passage can seem disheartening because living perfectly holy
in every moment of everyday is impossible. However, God is not saying You must be holy and perfect or else, but He is stating that He wants to walk with us as we imperfectly pursue a life of righteousness for Him.

Although change may feel like it comes slowly in our lives sometimes, we can trust that God will be faithful to us, wants to work with us as we change for Him, and is encouraging even when we mess up. Life with Christ isn't about being perfect in the here and now, but about daily pursuing God’s righteousness and asking for His help in that.

**Philippians 1:6**

“And I am sure of this, that he who began a good work in you will bring it to completion at the day of Jesus Christ.”

What are areas of your life that you need renewal in? Are you struggling with a particular sin, negative thoughts toward yourself or others? Spend some time analyzing where you think God wants you to grow, where your mind needs to be renewed.

With your group, discuss what stuck out to you the most from the passage (Romans 12:1-2), what challenged you the most, and what you think God’s purpose behind this passage is.

Morning Time with God
Give to Caesar What’s Caesar’s, and to God What’s His by Luke Seidman

Scripture Reading: Matthew 22:15-22

Much like today, taxes were an extremely divisive issue when Jesus had this interaction with the Pharisees. In this story, the Pharisees and the Herodians represent opposing factions in terms of how they viewed taxes. The Pharisees, opposed to the Roman occupation that was currently taking place in Jerusalem, did not want to pay the taxes levied against the Israelites by Rome. The Herodians, on the other hand, were a sect of Jews who were more cooperative with the Romans and were willing to pay the taxes.

The Pharisees intentionally gathered together members from different parties in an attempt to coerce Jesus into taking a stance on taxes that would alienate either of the two groups He was with.

Why do you think Jesus’ response left both groups amazed and with no further questions?

Breath Prayer

Breath prayer is an ancient Christian prayer practice, and the goal is for your prayer to God to become natural with your breathing.

Take a few seconds to slow down, take a few deep breaths, and calm down before the Lord. Think of a name for God that you connect with, for example: Jesus, Yahweh, Messiah, Savior.

Imagine that God is asking you, what do you need right now? Like the blind man on the road to Jericho, Jesus kindly looks you in the eyes and asks, “What do you want from me?”

This prayer is two parts: as you breathe in, call out on the name of the Lord you chose, and as you exhale, say your one request to God.

Let this prayer be a time to calm down, relax, and slow your heart before God. Continue this posture for as long as you need.

Feel free to write your prayer below…

Day Eight
Standing Strong...
Morning Time with God
Love in Action by Luke Seidman

Scripture Reading: Romans 12:9-21

9 Love must be sincere. Hate what is evil; cling to what is good. 10 Be devoted to one another in love. Honor one another above yourselves. 11 Never be lacking in zeal, but keep your spiritual fervor, serving the Lord. 12 Be joyful in hope, patient in affliction, faithful in prayer. 13 Share with the Lord’s people who are in need. Practice hospitality.

14 Bless those who persecute you; bless and do not curse. 15 Rejoice with those who rejoice; mourn with those who mourn. 16 Live in harmony with one another. Do not be proud, but be willing to associate with people of low position. Do not be conceited.

17 Do not repay anyone evil for evil. Be careful to do what is right in the eyes of everyone. 18 If it is possible, as far as it depends on you, live at peace with everyone. 19 Do not take revenge, my dear friends, but leave room for God’s wrath, for it is written: “It is mine to avenge; I will repay,” says the Lord. 20 On the contrary:

“If your enemy is hungry, feed him;
if he is thirsty, give him something to drink.
In doing this, you will heap burning coals on his head.”
21 Do not be overcome by evil but overcome evil with good.”
As we close out our Immersive Experience, let us not forget the ways God has shaped our minds and challenged our Christian worldview. Use this final devotional as a time to reflect on God's character.

So What?
What is God saying to the universal church through this passage? In other words, what are the implications of this passage to the Christian Church?

Challenge Question:
What does Paul mean in verse 19 when he states, “Do not take revenge, my dear friends, but leave room for God’s Wrath…?” How can we lovingly live out this idea?

Group Discussion:
With your group, discuss what stuck out to you the most from the passage, what challenged you the most, and what you think God’s purpose behind this passage is.
Daily Reflection

Think deeply about your day. Examine all you did, reflect on those you met, ask what you want to take from today, and test yourself on how you’re feeling right now. Process.

SECTION FOUR

TRIP DEBRIEF

TAking YOUR EXPERIENCE HOME

Your Worldview Immersive Experience has come to an end; however, what you learned about God, yourself, others, and what you believe and why you believe it can stick with you for the rest of your life. The experience will live on if you take time now to intentionally revisit your trip journal to thoroughly understand what God did.

Use these five tools to help you reflect on your experience.

- **Feeling Word Summary:** Go back. Catalogue your feelings from each day. What do you find?
- **Main Takeaway Summary:** Rewind. List each main takeaway you wrote. What themes do you see?
- **Ten-Year Takeaway Summary:** Use the themes found in your takeaways to find one long-lasting takeaway.
- **Two-Minute Story:** Sharing your story from this trip will keep it alive. Write out your story.
- **Action Items:** Don’t stop. Keep pursuing truth, seeking goodness, and creating beauty as you get home. How might you do that?

Let this Worldview Immersive Experience be a launching pad into your next season with God. Go home. Make the changes you need. Find the answers you didn’t get. Seek God. Share.
Feeling Word Summary
What were you feeling throughout your trip? Go back now to your evening reflections from each day and write down your feeling words. Sit with each feeling for a second before moving on to the next one. Why did you feel that way?

Ten-Year Takeaway

Ten years from now what do you want to remember from this Immersive Experience? Not memories per se, but what takeaway do you want to hang onto over the next decade? Maybe it’s “Worldview matters” or “God wants me to be concerned about what I eat” or a million other things. Write around the box your thoughts, and then when you’re ready write down in one sentence a single takeaway from this trip that you want to stick with you forever.

Two-Minute Story
Debriefing Your Worldview Immersive Experience
Introduction

Two-Minute Story

Experiences are a vehicle for building memories, or in other words, creating stories with God. Stories are powerful as we use them to share what God has done in our lives during the Immersive Experience. When you get home from the Worldview Immersive Experience what’s the first question your parents, grandparents, friends, teachers, or your dog will ask?

“How was the Immersive Experience? Tell me all about it.”

Sometimes this question is energizing, but many times it is overwhelming, as it can be hard to articulate an experience on the spot in a way a person can connect with. Often, people only want to listen for about two minutes. Without any forethought, my responses are often a simple, “The trip was good. I had a lot of fun.” Over the years, however, I have been challenged that this answer is not sufficient as I lose an opportunity to share with another person what God just did in my life.

We can use Two-Minute Stories as an awesome vehicle to easily and effectively share our God-stories from the Immersive Experience, because soon we will be asked about the experience. This time we’ll have a heartfelt and God-honoring story!

As your trip is comes to an end, take some time now to prayerfully and thoughtfully think through a story you could share with others which would best sum up your experience. Use the brainstorming sheet, outline template, and rough drafts to guide you through your Two-Minute Story creation process. Have fun with this and make it your own.
Instructions

Two-Minute Story

Follow these instructions as you shape your story.

1. **Use a captivating opening sentence (a good hook).**

   Example: “This week was pretty bizarre. I finally spoke after a whole year of silence, and I learned a really powerful lesson from a weird source.”

   *Alyssa S., Biblical Immersive Experience 2017*

2. **Use scripture to support your main takeaway.**

   Example: “I didn’t change anyone’s minds or feelings about Mormonism. I learned God uses each and every conversation for His own plan and purpose. Like in Luke 5:12-15 when a man with leprosy recognized that by God’s will only, he can be healed. I may never know what will happen to the people I had conversations with on my Biblical Immersive Experience. But I know God used every word of mine to share love and speak truth to others who have never heard truth.”

   *Michelle W., Biblical Immersive Experience 2017*

3. **Write a story which implicitly answers one question...**

   - What did God teach you about humility on this trip?
   - What did you learn about yourself? How did you?
   - What did you learn about God? How did you learn that?
   - How did God challenge you?

4. **Consider the following tips when writing your story**

   - Give Specific Details – names, colors, feelings, etc.
   - Be Personable – talk about what you learned.
   - Finish Strong – tie your ending into your hook.
Example Story

Two-Minute Story

God moved in me while at the Biblical Immersive Experience in Utah. Through hearing the testimonies and ministries of locals and transplants in Utah, God revealed to me the full truth and validity of His word. Through conversations with Mormons, God revealed to me the power of His gospel. Through enjoying and resting in His nature, God revealed to me His beauty and creativity.

Still, God had more of His Spirit that He made known to me on the second-to-last night. I led our team in a discussion of how we, or they, were going to take the lessons learned through the week and apply them in new, creative avenues at youth group next year. That was one of the most incredible, heart-breaking experiences of my life.

Spending the majority of my life in youth group the past seven years, watching new leadership build upon everything I felt such a personal connection to, brought up indescribable feelings within me. Through my years in youth group, God built me up as a leader, as I prayed daily for God to grow me like the Levites described in Malachi 2, as a “priest who guards knowledge, and a leader who people should seek instruction from.” God used me in great ways, but now He has new plans for me and new leaders in the youth group who are stronger and better equipped than me.

My life is worth nothing to me unless I use it for finishing God’s work of telling others God’s Gospel, and now I have a new mission field in college. Although leaving my youth group is hard, whatever happens, whether my heart or my flesh fails, God is the strength of my heart and my portion forever.

SECTION FIVE

TRIP RESOURCES

HELPFUL TOOLS ON AND AFTER THE TRIP

In this section you will find a variety of helpful resources. Some of these you’ll be instructed to use as tools before the trip, while on the trip, and for after the trip.

Here are the tools you’ll find in this section...

• Packing List
• Guidelines & Expectations
• Immersive Experience Jobs
• The After Survey
• Exercise: *Watching Movies Worldviewishly*
• Helpful Articles
• Helpful Videos, Podcasts, Websites, & Books

You may get stumped. You won’t have every answer. That’s okay. But, don’t just leave it at that. Go find answers. Keep studying.
Packing List
What to Bring...

Important | Read this “what-to-bring” list with the mission trip purpose at the forefront of your minds. And be prepared to sacrifice your “personal rights” or desires for the good of the group. MAVEN has a NO ELECTRONICS policy so please leave your phones and other electronic devices at home.

Necessary Items
Look at the weather report before you pack. Consider how many days you’ll be gone. Keep packing simple. Use travel size items when applicable.

Casual Clothing (Still keep nice though)
  - **Note to Girls:** Pack respectfully. No low-cut shirts, spaghetti straps, or tight shirts – nothing that shows cleavage or midriffs. You will have to “cover up” if your shirt is considered too tight, low cut, etc.
  - **Note to Guys:** Do not dress sloppily (i.e., showing your boxers, ripped clothing). Bring things like jeans, shorts, polos, button downs, t-shirts, etc.

Grubby Clothes (For hiking and working out in)
- Sweatshirt or Jacket
- Shoes: Walking or Hiking
- Sandals
- Towel: For showering, swimming, etc...
- Bathing Suit – Please keep it modest
- Toiletries: i.e., soap, shampoo, deodorant
- Sleeping Bag & Pillow
- Air Mattress or Sleeping Pad: We are sleeping on floors
- Book 1: *The Holy Bible*: the actual book – no electronics
- Book 2: *A Student’s Guide to Culture*
Book 3: *The Universe Next Door*
Book 4: *MAVEN’s Worldview Immersive Experience Guidebook*
Daypack / Backpack
Water Bottle
Meal Money ($20/day)

**Optional**
Snacks
Sun Protection: Sunscreen, Hat, Sunglasses
Basketball Shoes
Flashlight
Camera: Phone cameras aren't allowed
Spending Money: For snacks, souvenirs, etc...
Weather Dependent: Hat or beanie, gloves, or sweaters
Weather Dependent: Modest swimsuits, bug repellent, etc...

**What Not to Bring**
*Any Electronics*: no DVD players, no iPods, no video games.
*Cell Phones*: Leave these at home, but if you must bring one it must stay turned OFF during the majority of the trip. If your leadership allows you to bring them, there will be designated times to call your parents. We know from years past that cell phones can be a HUGE distraction from God’s work on this trip.

**Notes on Packing...**
Everything but your sleeping bag must fit into ONE duffel bag or suitcase. This suitcase CANNOT be huge—think small, think reusable clothing, think about putting up with less than your dream wardrobe. Remember, people almost never pack too little; they pack too much! You may use a backpack to carry non-clothes items like your Bible, trip resources, books, or camera.
Guidelines & Expectations

In order to get the most out of our time on the Immersive Experience, it’s important to get on the same page with some important guidelines and expectations.

Please read through each expectation, checking the box to indicate you’ve read and agreed to what’s being asked of you. If you aren’t comfortable with an expectation, please come talk to a group leader so we can get on the same page.

I AGREE TO...

Be Present: I understand that the goal of this trip is to grow my relationship and show others who Christ is through who we are, what we do, and what we say. With that, I commit to being present both physically and mentally.

Be Positive: I commit to maintaining a positive attitude and being flexible when things don’t go my way. I commit to not gossiping or spreading negativity through the group, but rather will approach a leader for guidance and counsel. I commit to striving for a Christlike attitude in all that I do. I will try my best to not complain, murmur, or spread negativity throughout the group.

Don’t Be Messing Around: Messing around includes, but is not limited to: No Drugs, Vaping, Juuls, Alcohol, or Tobacco, or anything of the sort | No Firearms, Fireworks, or Weapons of any kind | No Wrestling or Horseplay | No Guys in the Girls’ room | No Girls in the Guys’ room | No altering your physical appearance | No Electronic Devices

Be Modest: Girls – No spaghetti straps, short shorts, bare midriff. Guys – no short shorts or tank tops. I commit to never being alone with someone of the opposite gender unless in the open where others can see us.
Clean Up After Yourself: Don’t put things down but put them away. Keep bathroom, meeting room, kitchen clean.

Sacrifice for Others: I understand that I will be asked to sacrifice for others. I commit to making that sacrifice willingly.

Pursuit of Excellence: I commit to pursuing excellence in all that I do (Colossians 3:23).

Protect the Team: I will keep all problems within the confines of the team and commit to working them out in a Biblical manner during Team Time (Matthew 18). I will not stuff but will be honest about my feelings. I will seek out guidance and help my leaders if need be.

Staying Safe: I commit to using wisdom and discernment while traveling. I commit to staying with the group. I commit to NOT wandering around and keeping the motto, “safe to be safe” at the forefront of my mind. I understand that I must have a buddy with me at all times and will not wander away from the group alone at any point.

Pursuing Jesus: I commit to pursuing Jesus and trying to live according to 1 Peter 1:16, “Be holy because I am holy.” I recognize I’m not perfect, but I will strive to live like Jesus did.

I know that the point is not to achieve perfection or to be made righteous by my works or actions. However, my goal is to strive to be more like Jesus in all that I think, say and do.

I agree to follow all guidelines and rules in order to take away any distractions that may hinder me from growing in my relationship with God and building a healthy community during my time on the Immersive Experience.

Immersive Experience Jobs

One of the great parts of our Immersive Experience is we get to work together in everything we do. This won’t be a trip where any of us are just going to be served, but we will all be serving each other to ensure the trip runs smoothly.

You will be assigned to a specific job (possibly with others), which is your responsibility to complete with excellence during the trip. Below is each job description. Mark yours.

Job Descriptions

**Key-Bearer:** You are in charge of all keys. Whatever vehicle you are assigned to will be the keys you keep track of always. Collect each time you arrive to a destination.

**Morning Time With God Lead:** You are in charge of facilitating devotions each morning for the group. You don’t need to teach but simply be a leader gathering everyone together, entering the team into this time, and closing out when ready.

**Sous Chef:** You are in charge of putting out & cleaning up the breakfast and lunch supplies each morning for everyone (when necessary). You are also in charge of making sure the cooler(s) are packed & ready to go for the day—afely placed in the room or vehicle it belongs in for that day. You’ll need to follow all directions from your Chef.

**Bell Hop:** You are in charge of making sure all luggage is packed and loaded in the vehicles each time we are traveling. You will need to make sure everyone’s luggage is loaded and unloaded safely by the time of departure.
Housekeeping: You and your team are responsible for cleaning up the trash in the vehicles each night. You will have trash bags to discard trash into each evening.

Paparazzi: Your job is to document the trip! You will use the given camera to take pictures of the trip and make sure we get a group picture at some point.

Worship: Your job is to lead our team in Musical Worship each night during our Reflection Time. You will be in charge of 1-3 songs each night depending on our timing.

Movie Exercise
Watching Films Worldviewishly

Movies, no doubt, are a part of life. Hollywood is one of the main influences on shaping culture. Don't think for a second each movie you watch does not have an agenda or worldview behind it. Movies are made up of people, and every person has a worldview.

The harm comes when we mindlessly consume the movies we watch, rather than viewing them with a mindful critique.

In today's exercise you will watch the selected movie with a mindful critique of the worldview being displayed.

What to Look for During the Film

- Look for the Ideas Being Portrayed
- Look for the Behaviors at Play
- What Assumptions Are Being Made?
- What Moral Values Are Shown?
- Which Social Norms Do You See?
- Notice the Character Development

Right a Movie Review…
Now that you’ve watched the movie chosen for this exercise with a mindful critique, go ahead and write a one- to three-paragraph review of the movie shedding light on the worldview you found.

Below are some examples of movie commentaries to give you an idea of what we are looking for.
Helpful Movie Commentaries

*I Am Legend* | PG13

I love this flick! The highlight comes right before the final battle scene when Will Smith's character exclaims, "There is no God!" He has reached this conclusion because of the problem of evil.

The woman (I can’t think of her name at the moment), responds that she simply knows that God exists, and that Smith’s character is wrong. She has just as much reason to be an atheist as Smith, but she has “doubted her doubts” and clings to what she knows (seemingly based on the inner witness of the Holy Spirit).

Smith seems to change his mind at the end and sacrifices his life to save his friends (John 15:13) -- and the world.

I also love how Smith’s character is devoted to trying to save the infected humans who are trying to kill him! Four words sum up the entire movie:

"Light up the darkness!"

That’s an easy statement to connect to Christianity!

*Signs* | PG13

This is one of my favorite movies ever! This “nail-biter” not only will keep the students on the edge of their seats, but it also perfectly answers the problem of evil (which seemed to be the greatest objection to God on the Berkeley campus). Mel Gibson’s character used to be a priest or pastor of some type. He wore a collar but was married, so was not Catholic priest.
However, his wife was killed after being struck by a car, his son has really bad asthma, his daughter seems to have some psychological problem with leaving glasses of water all around the house, and to add insult to injury, aliens have invaded earth and are trying to kill his family!

At one point, although Gibson says he does not believe in God, when his son seems to be close to death, we hear him say to God, "I HATE YOU!"

In the end, however, Gibson's character sees how all of these "evils" are used for good (Genesis 50:20) to defeat the aliens and save his family. Not only does Gibson have his faith in God restored, we see him get back into ministry at the end of the movie!

_Star Wars | PG_

By _Star Wars_, I am referring to the original from 1977. In my opinion, George Lucas seemed to have something along the lines of Christianity in mind when he made Episode IV, which is officially known as _A New Hope_. Lucas seemed to get more "new age" as the movies progressed.

Han Solo is definitely the "agnostic" and sees Ben "Obi Wan" Kenobi as just a crazy old guy. However, Luke Skywalker puts his faith in Kenobi and wants to learn the ways of the force. Kenobi ultimately sacrifices his life for Luke and the Rebel Alliance.

Right before Darth Vader slashes his light saber through him, Kenobi says, "If you strike me down, I shall become more powerful than you can possibly imagine."

This is true for all Christians!
Doctor Strange and/or Avengers Infinity War | PG13

Doctor Strange movie was directed by a BIOLA grad! While watching it in the theatre, I remember thinking that the director seemed to have some training in substance dualism and time theory (which are both topics with apologetic significance). In Avengers: Infinity War, Dr. Strange also employs a kind of “middle knowledge” to save the universe!

Helpful Articles...
The political and civil rights that we cherish cannot be fully exercised without certain tools. These tools are material things that allow or enhance the exercise of a right. These material things are property, which has ownership that can be either public or private. As a society, we must make decisions as to which form of ownership we prefer for these tools. Should they be privately owned or publicly owned? Those who advocate for big government usually prefer public ownership and are waging war against private ownership. Those who prefer smaller government, on the other hand, prefer that these tools be placed under private ownership. Unfortunately, the average citizen is unaware of this battle—and obviously, those who are unaware that a battle even exists are destined to lose it.

**Property is essential to the exercise of rights**

Property and the exercise of rights are intertwined, and you cannot infringe upon one without infringing upon the other. However, today’s society fails to understand this important relationship. In fact, most of our leaders—on both sides of the political spectrum—have never even considered this relationship. For example, freedom of the press and freedom of speech are of little value without tools like printing presses, photocopiers, printers, paper, poster-board, radio stations, TV stations, and newspapers. If a government was to ban and confiscate these tools, citizens would have little ability to exercise their freedom of speech. Even if a government does
not enforce a complete ban, regulation of the necessary, physical tools can greatly impair the citizen's freedom of speech.

Consider also the freedom of religion. Since religion is a spiritual matter, one might be inclined to think that the exercise of this liberty would be independent of property. But like other rights, the full exercise of our freedom of religion and freedom of worship requires tangible, material things. Without Bibles to read and buildings in which to engage in corporate worship, this right would also be in great jeopardy. These buildings and Bibles are property, which must be owned and controlled by someone. Additionally, we might note that the freedom of religion is also dependent on other rights like freedom of speech and freedom of movement.

It is difficult to think of a right that is not at least partially dependent on the use of some kind of property. Even the right to bear arms is of no value if guns or ammunition are unavailable or illegal. The full exercise of the right to freedom of movement is also dependent on the citizen's access to certain tools. One can walk from point A to point B, of course, but our movement is greatly enhanced by a horse, a car, a train, or an airplane. The full exercise of this right requires the tools of transportation.

**The battle to preserve rights**

If we learn anything from history, it is that governments are always attempting to limit the rights of their citizens. One of the most dominant themes in the study of history is the attempt of governments and other organized groups to restrict the rights of the people. This has been clearly demonstrated in every era of time and in every region of the world.
Governments employ two main strategies to infringe upon individual rights. The first strategy involves the direct regulation of the right. This is the most obvious approach, and citizens usually will not tolerate it unless they can be fooled into believing that the violation is necessary to avert some sort of tragedy—usually a tragedy contrived by the government. The second strategy is more subtle and involves gaining control of the tools that people use to exercise their rights.

For example, it is not necessary to legislate against the freedom of the press if the government can gain ownership or control of the media.

**Transportation as one example**
Consider transportation. In our society, there is a persistent push for more and more public transportation. Public transportation includes things like city buses, subway systems, light rail, high-speed rail, and, of course, the Amtrak system. To the extent that these systems are public, they are owned by government at some level—either city, county, state, or federal. Once people become dependent upon these systems, these levels of government have substantial control over the freedom of movement.

There is nothing inherently or ethically wrong with the use of buses, subways, commuter rail, or other mass transit systems—as long as they are privately owned. Unfortunately, the lion's share of American mass transit systems are not privately owned, but government owned. These government systems crowd out private enterprise transit systems and force the taxpayer to pay the bill.

Private mass transit can never compete with government mass transit systems because the government systems are almost always subsidized by tax revenue, and they frequently
receive favored status against zoning and environmental regulations.

There are many dangers that arise when transportation is owned or controlled by government. High costs and inefficiency come immediately to mind as undesirable outcomes, but we should be far more concerned with the risk to our freedom of movement. Access to public transportation systems could become limited for any number of reasons, including political unrest, natural disasters, or environmental concerns. Even a wage dispute and a resulting strike by the union can shut the system down.

Beyond these possible causes of access limitation, there are also more extreme possibilities, such as a government’s refusal to transport those who might be considered political dissidents. Some people would say that this would never happen in America, but I would answer: turn the calendar back to 1980 and consider history. In 1980, Ronald Reagan had just been elected president, and many Americans could not have even imagined that in just a few decades, we would have state endorsed homosexual marriage, search and seizure without a warrant, or socialized national healthcare. Almost everything that we would have said “could never happen in America” has, in fact, happened. We must always be jealously vigilant against even the smallest infringement of our rights and liberties, even if an extreme outcome or abuse seems unlikely.

**Subsidies and taxes**

There is a long-recognized truism that states: if you subsidize something, you will get more of it, but if you tax something, you will get less of it. What is our current transportation policy in America? We tax private transportation, and we subsidize public transportation. According to Wendell Cox, a visiting fellow at the Heritage Foundation:
The federal government has been providing subsidies to mass transit since the 1960s. The principal justification was originally to reduce traffic congestion and to provide mobility alternatives to cars for low income citizens. In addition, transit has been subsidized to reduce automobile emissions.

Since 1983, transit has received a share of the federal user fees paid by drivers, principally through fuel taxes. Additional diversions from federal user fees have been authorized by the Congestion Mitigation and Air Quality Improvement (CMAQ) program. In 2010, the latest year for which data are available, the total diversion from federal user fees approached $6 billion. This left $29 billion for expenditures on highways and roads. The 17 percent share of federal user fees was much greater than transit's little more than 1 percent of the nation's surface travel. Overall, highway user fees supported each transit passenger mile 17 times more than each highway passenger mile ($0.1130 for transit; $0.0067 for highways). [1]

The original intent of gas taxes and highway user fees was to fund the building and maintenance of roads. Because fuel was taxed by the gallon, each driver would pay in proportion to their use of the roads. Unfortunately, many of these funds are now used to subsidize public mass transit effectively punishing private transportation and subsidizing public transportation. Secretary of Transportation Mary Peters told a congressional hearing that 40 percent of highway user fees collected from drivers are diverted for uses other than roads and bridges. [2]

There is ample evidence of the war on private transportation. Portland, Oregon is just one example of this. According to a report published by the Heritage Foundation, “Portland's leaders have embraced an anti-highway ideology on the
assumption that they can get people to ride transit instead. Portland went so far as to cancel a freeway and use the money to build its first light rail line, which opened in 1985." [3]

The push to "free" Americans from their private cars and "direct" them into public transportation is no small effort. This is a coordinated agenda, in which many statist think-tanks and government agencies are working toward the same goal.

Increasingly, land use and zoning officials are using their powers to promote this public transportation agenda as well. In some instances, cities and counties are granting favoritism to housing development that is close to public transportation, while limiting housing development they deem to be too far from these transit stations. In other cases, commuter colleges are refusing to add parking spaces to their campuses, in an effort to increase ridership on mass transit. Highway departments are often choosing to exchange automobile lanes for light rail tracks—and the list could go on and on.

This agenda is, of course, supported by most of our nation's media. Even private groups are now promoting this public agenda. Private think-tanks, energy conservation groups, and environmental organizations are touting the evils of the private automobile and the virtues of mass transit—even though there is little evidence that mass transit actually saves fuel.

Although energy conservation, traffic mitigation, and cleaner air are often cited as arguments for these policies, a mountain of evidence suggests that public mass transit systems don't actually achieve any of these objectives. Some of the conservation-minded environmentalists who promote mass transit do so with the honest belief that they are making the world a better place. Those at the top of the public transportation agenda, however, know that the majority of
these mass transit systems actually produce more pollution and consume more energy than private automobiles. (Semmens 2005 [4], Cox 2001 [5], O’Toole 2008 [6], O’Toole 2009 [7]) If this is true, then there must be another agenda. That agenda is to make more Americans dependent on the government—in this case, specifically dependent on government transportation. To put it another way, they want to add the transportation industry to the growing list of American industries that are based on the socialist economic model.

If we look at air transportation, the details are slightly different, but the dangers are similar. Although we don’t yet have any government owned airlines in America, our privately owned air carriers do fly out of publicly owned airports, and access to these private planes is strictly regulated by a government agency—the TSA.

**Transportation and ideas**

Transportation is a powerful tool in the dissemination of ideas. I recently traveled over 1,500 miles to deliver a series of lectures to an audience in another state. While I was traveling, it occurred to me that without the freedom to travel, this new audience would not be exposed to my political views. (Ironically, I was lecturing about transportation policy at the time.) Without the use of cars and airplanes, I could not have made the trip. These tools enabled me to propagate my ideas—ideas that could be considered a danger to the job security of many government bureaucrats—to more people in less time.

If the state were to limit travel, though, it could severely restrict the expression of all ideas, but most particularly those ideas with which the state disagrees. Second only in importance to the mass media, travel (and therefore transportation) has always been a critical part of the wars of
ideas. Without travel, the early church could not have spread the Gospel to the world. Without travel, the heroes of the protestant Reformation could not have confronted the papists in debate or organized lectures and discussions. Without travel, the American founding fathers could not have carried out a successful revolution. Media and movement are the primary means of spreading ideas and information, and we should be zealous to protect these tools from the controlling hand of government.

It is important to note that government control can be just as dangerous as government ownership. Control is ultimately more important than ownership. If the tools that support our rights come under government control, it matters little whether or not we can maintain private ownership.

**Root principles**

Regardless of the pragmatic implications of government transportation, there are some important matters of principle that we should address. First, taxing private transportation and redistributing the funds to public transportation is a clear example of wealth redistribution, a practice very consistent with the tenants of Marxism. Second, this practice of asset redistribution is a direct violation of property rights. The money that is being redistributed is some citizen's property. We are forcibly taking this money without respect to whether the taxpayer will ever use the public transportation they are indirectly funding. [8]

Third, we must always inquire as to the proper role of government. Is civil government biblically authorized to engage in the provision of this kind of service? I would submit that providing transportation services is not necessary for the protection of our life, our liberty, and our property, which three areas are the only areas government is meant to protect.
In fact, as discussed above, government owned transportation systems actually violate the property rights of citizens. Fourth, the Constitution does not enumerate federal power to fund or subsidize transportation. The Constitution’s only mention of ground transportation is to authorize the building and maintenance of post roads. This is hardly an argument for mass transit of passengers.

Conclusion
If we want to protect our God-given rights, then we must promote and preserve private property. We must prohibit civil government from owning or controlling any property that is not absolutely necessary for carrying out its proper tasks. This is universally true, but especially true for property that could be a tool for the exercise of an individual’s rights. Our governments should divest themselves of both ownership and control of these tools.

Afterword

Around 2012, I met Brett Kunkle, who at the time was reaching youth all over America through Stand to Reason. Brett and his family began attending Grace Fellowship Church in Costa Mesa, California, where I was the youth pastor between 2008 and 2019. Brett and his wife Erin quickly began involving their five children in our youth ministry and started sharing their giftings with our youth as well.

God brought me into youth ministry months after getting my Bachelor of Arts from Oregon, where I studied business entrepreneurship and journalism. I had no formal Biblical, Worldview, or Apologetics training. Brett slowly took me under his wing and began to mentor me. When Brett first invited my youth group to attend an immersive experience with him to Salt Lake City, Utah, to talk with Mormons about their beliefs I kindly rejected the offer. I told him it was because our schedule was already set for the next year and we wouldn’t be able to make the change.

Although this was indeed true, the real reason was because I feared to introduce my students to something I myself was unfamiliar with and scared of. The next year I once again set up our schedule without an immersive experience included.

However, it was that year I took my students to Hume Lake Christian Camps, where Brett was teaching a breakout session for high school students to ask any question they had about God, faith, Christianity, or the Bible. This breakout session was during our free time where I'd paid and signed our group up for a high ropes course.

When Brett gave his seminar pitch during chapel that morning a few of my students approached me asking if they could skip
our high ropes experience to attend his Q&A. I thought I would be sent to eternal damnation if I said no so I obediently told them I’d be open to this but informed them we wouldn’t get a refund. This was my attempt of throwing on a little guilt.

When free time came, not one of my fifty students showed up for our high ropes time together. All fifty went to sit in and hear Brett’s Q&A seminar where my students and many others asked questions about sexuality, God, family, the Bible, and more. Each question was real and was hard. I couldn't believe Brett had the courage to put himself through this, but I soon realized the Q&A wasn't difficult for him and he was well-trained and equipped in understanding each argument and objection.

As I listened to the entire Q&A intently, I had the epiphany my high school students (and those from other churches) really wanted the church to answer the difficult questions they were asking due to being raised in a non-Christian culture.

It was right after this seminar I approached Brett and shared with him my epiphany and I was ready to introduce apologetics and his Immersive Experiences into my youth ministry. I was ready to humble myself and journey with my students in learning all we needed in order to appropriately defend our faith and converse tactfully and lovingly with non-believers.

I began taking students on these trips in the summer of 2014 and have not missed a trip since. I began with the Biblical Immersive Experience, then the Apologetics Immersive Experience, and lastly the Worldview Immersive Experience.

It was after the Apologetics Immersive Experience when Brett and I together created the Worldview Immersive Experience,
which created a three-year immersive experience cycle I continued with my students.

The youth ministry I served ran camps, retreats, events, traditional mission trips, and more, but none were proven to be more impactful than MAVEN's Immersive Experiences.

The Worldview Immersive Experience, which you are embarking on through this guidebook, has been a true gift to students, and especially to my seniors as they get ready to head off into colleges where their faith will be challenged to new levels.

I am proud of you for attending this trip and for having the courage to engage in an immersive experience, which will forever change you. You may have pushback from your church, parents, and/or peers but stay strong, be prayerful, and engage in this trip with everything you have.

Use this guidebook as a phenomenal tool as you prepare, embark on, and debrief your trip. This guidebook has been tweaked and perfected since 2014 to help attendees get as much out of this trip as possible.

My prayer is sincerely with you as you engage the world.
